
Django Fragments Documentation

Release 0.1a

Mario César Señoranis Ayala

Sep 27, 2017

Contents

1	Overview	3
2	Getting Started	5
3	Fragment Class Views	7
4	Mercurial Integration	9
5	Indices and tables	11

A simplistic django app to share snippets and pastes with others. All code fragments are Mercurial repositories, so they are automatically versioned, forkable and usable as a Mercurial repository. (yep, like Gist from github.com ^_^)

Contents:

CHAPTER 1

Overview

- **About sharing code on Internet**
- **Mercurial**

CHAPTER 2

Getting Started

- License
- Contributing
- Requirements
- Installation
- API Usage
- Customizing

CHAPTER 3

Fragment Class Views

CHAPTER 4

Mercurial Integration

CHAPTER 5

Indices and tables

- `genindex`
- `modindex`
- `search`
